- Attaches and removes in seconds to windscreen and most smooth surfaces
- 4QuickFIX adapter system – fits all holders with HR 4-hole-adapter

- Easy to install – attaches and removes holder from mount within seconds
- Integrated joint mechanism and tightening wheel – allows easy adjustment of viewing angle
- Rotates 360° and adjusts vertically and horizontally (portrait or landscape format) at an inclination angle up to 60°
- Tightening wheel to freeze adjustment of viewing angle
- Inclusive self-adhesive suction cup adapter CONECTOR for installation on non-smooth surfaces

Mini Smart Gripper 3
Universal Smartphone Holder

- **Crash Tested** with two lateral side slats
- HR design ensures lateral side slats don't obscure any smartphone access slots nor impair operational functionality
- Suitable for Smartphones (iPhone) and flat mobile phones, such as folding and slider mobile phones, MP3 Players and Apple (iPod Touch)
- Just place the device and press the lateral side slats together
- Push-button-release mechanism
- Adjustable / Removable pegs at the bottom of holder ensure optimal access to the device's powerport
- HR 4-hole-adapter-system for easy inter-change of all HR fixing systems
- For instruments of a width of 46 to 76 mm

4QuickFIX Adapter System

- Simple and quick to attach mount to holder
- Press sides and insert prongs. Integrated spring mechanism ensures tight locking of prongs inside holder.
- To remove holder from mount press sides and and prongs release holder
